Country

Welcome

Picture walking through blooming orchards, picking golden peaches alongside the same farmer who's been tending them for generations. Imagine hearing the joyful giggles from your children as they feel the soft ears of a goat for the very first time. Think about sitting under the stars, sipping on a fragrant glass of wine, and tasting a meal harvested from the fields around you.

Sure, your hands might get a little dirty along the way — but isn't that how all the best adventures start?

Here on the AgVenture Trail, you'll experience the simple life in the heart of Idaho's Snake River Valley. The trail begins and ends in Downtown Caldwell, taking you on country roads through Marsing, Homedale, and Wilder. Along the way, you'll visit local farms and orchards, where you can pick fresh produce, dine on world-class farm-to-fork meals, and engage with the local community. You'll learn from the farmers and ranchers who experience this life every day. It's a unique experience for group activities, family outings, and date nights – all within a 30-minute drive of Boise, Idaho.

For more information including special events and hours, please check out each destination's social media channels and website.
